1. [redacted] /for exact location see Enclosure A, circled number two/, a new underground factory was under construction very near to the site of the chemical factory /for location of the area in which the new factory was being constructed, see Enclosure A, circled number one/. At that time large excavators were engaged in grading the t[redacted]50X1, and an overhead railroad was used to carry the earth away. 50X1

2. [redacted] only persons considered to be perfectly reliable politically were under consideration for employment. The entire area of the underground factory was under SNB guard. I do not know what the factory produces, nor any details 50X1 about it.
